**WHAT HAPPENS TO YOUR DONATIONS?**

Your donations give us the leverage necessary to apply for further funds from public grant providers—such as the Federal Ministry for Economic Cooperation and Development (BMZ), the Federal Foreign Office (AA), the European Union (EU), and the United Nations—and to win them over with our project ideas.

As a rule, this allows each donation to be quadrupled: EUR 100 of donations become up to EUR 400 of project funding.

**2019 IN BRIEF**

In 2019, we used them for:

- **89.1% Project funding overseas**
- **2.4% Administration**
- **1.0% Campaigns, education, and awareness-raising**
- **4.6% Public relations / advertising**

*Figures from 2019 onwards follow a new accounting system.*
Since it was founded in 1962, Welthungerhilfe has funded 9,830 international projects to the tune of around EUR 3.95 billion.

Through its 499 overseas projects in 36 countries, Welthungerhilfe supported about 10.5 million people—men, women, and children—in 2019 alone. In real terms that means: Many people can now feed themselves better since their harvests have increased. They now have clean drinking water or toilets at home, rendering them less susceptible to illness. Others are earning or producing more and can begin pursuing an education. For children, Welthungerhilfe’s support provides opportunities for improved physical and cognitive development.
