Your donations give us the leverage necessary to apply for further funds from public grant providers—such as the Federal Ministry for Economic Cooperation and Development (BMZ), the Federal Foreign Office (AA), and the European Union (EU)—and to win them over with our project ideas. As a rule, this allows each donation to be quadrupled, with donations of EUR 100 becoming up to EUR 400 of project funding.

WHAT WE ACHIEVE

Since it was founded in 1962, Welthungerhilfe has funded 11,498 international projects to the tune of around EUR 4.75 billion.

In 2022 alone, Welthungerhilfe (WHH) supported about 18.8 million people with its 603 overseas projects in 37 countries. Thanks to our national partners, we were able to both provide immediate assistance in acute emergencies and implement long-term programs specifically tailored to each region. Many people’s harvests and incomes have increased and, with better nutrition and access to clean drinking water, they get sick less often. For children, Welthungerhilfe’s support provides opportunities for improved physical and cognitive development—so they can choose their own future directions.
